no corporation is enthusiastic about paying tax yet islamic banks in indonesia voluntarily pay corporate zakat why the book analyzes corporate zakat norms and practices in indonesia by investigating how muslim jurists have interpreted shar^{□□}a of zakat and how these have been imposed through the legislative and regulatory framework it also presents original case studies based on sociolegal field research on the reception of the new obligations in the islamic banks that choose to pay and choose not to pay what is effectively a new tax the book argues that the dynamics of shar^{□□}a interpretation imposition and compliance in indonesia are too complex to be defined using the binaries of the religious versus the secular public versus private or tradition versus modernity the corporate zakat context has revitalized the existing governance strategy in islamic legal tradition and created a shared islamic law vision between islam

in the true message of jesus christ dr bilal philips claims that jesus christ was merely a prophet of allah who reaffirmed the central message that was later revealed to muhammad dr philips argues that although jesus claimed to be the son of god in the bible modern translations of the bible are corruptions of the original revelations given by allah only the qur an which downgrades jesus status from the son of god to a prophet reflects god s true uncorrupted message this reply to the true message of jesus christ demonstrates that dr philips arguments are flawed and suffer from serious weaknesses on multiple levels first dr philips claims are not historically grounded second he misconstrues the text and meanings of the bible third he employs circular reasoning to support his assertions fourth the claims dr philips makes with respect to the corruption of the bible conflict with even the teachings of the qur an on the divine inspiration of the torah and other hebrew and christian scriptures some of dr philips claims about the bible are correct though ultimately they relate to minor or ancillary points such as discrepancies in extant biblical manuscripts as to a king s age when he began to rule while such minor discrepancies exist they should be expected in the copying and transmission of texts over thousands of years and they do not suggest deliberate falsification of the text for dogmatic purposes such discrepancies do not alter the overall message of the bible that god so loved the world that he gave his one and only son so that everyone who believes in him will have eternal life john 3 16 the true message of jesus christ fails to persuasively demonstrate that man has corrupted the bible that the qur an is god s true and divinely inspired book and that jesus true message is that he is merely a prophet of allah rather than god s sacrificial lamb offered as the atoning sacrifice for our sins and not only for ours but also for the sins of the whole world 1 john 2 2 ultimately the book fails to defeat the hope given to all who put their faith and trust in jesus christ
